Tip Restraint Kits

Standard Furniture Manufacturing Company includes a Tip Restraint Kit with all clothing and storage units over 28 inches tall, including dressers, chests, nightstands, bookcases and TV stands.

Please **INSTALL AND USE THE TIP RESTRAINT KIT** included with your purchase for the safety and protection of all who come in contact with your furniture. The Tip Restraint Kit anchors the furniture to the wall and prevents the unit from tipping over.

Standard Furniture Manufacturing Company takes our customer's safety and protection very seriously. Our internal height guidelines for Tip Restraint Kits are stricter than the furniture industry voluntary standards.

Lost your Tip Restraint Kit? Get a Tip Restraint Kit sent to you.

If your Tip Restraint Kit has been lost, please contact us for a replacement kit.

Call toll free 1-800-827-7866 or email us at customerservice@sfmco.com.

Please be prepared to provide proof of purchase, such as a photo of the label on the product or copy of your sales receipt.
